### About Me

Hi! I'm AliTayyab, a passionate Front-End Developer specializing in the MERN stack, currently thriving at WayoutLab Software House. I'm dedicated to transforming ideas into engaging and responsive web applications, and I'm excited to bring my skills to dynamic projects.

What I Bring:

- Front-End Magic: Building seamless user interfaces with React.js, using component-based architecture and state management to deliver outstanding user experiences.

### Experience

#### Front End Developer Intern

June 2024 - Sep 2024

- I have successfully completed my internship as a React Developer at Wayout Lab. During this time, I gained valuable experience in building and optimizing user interfaces with React.js.

#### Full Time Employee

Sep 2024 - Currently Work

- I successfully completed my internship as a React Developer at Wayout Lab and transitioned into a full-time position. In this role, I continue to build and optimize user interfaces using React.js, collaborate with a skilled team, and contribute to projects that drive excellent user experiences.

### Education

#### Piass Collage Kasur

2020 - 2022

Intermediate in ICS

#### Education University of Lahore

2022 - 2026

Bachelor of Information Technology
